Audience

Global Girl Leading is an entirely online event, designed to be accessed from school classrooms around the world. We are very excited to be joined by schools from the UK, Singapore, Malaysia and Israel.

Over the course of Friday 9th October, young girls from the schools will have the chance to listen to inspiring women from across the world talking about a range of issues affecting women and girls, take part in Q&A sessions, whole class discussions and activities.

On the day, we will also feature videos submitted by our young participants speaking on issues they are passionate about.
